

National Provider Identifier - NPI Update

Mail Handlers Benefit Plan - NPI message

Mail Handlers accepts NPI only and NPI dual (with legacy) identifiers for claims transactions throughout our systems and will continue to do so as of May 23, 2008. Mail Handlers will continue to accept all claims in an effort to identify and contact providers not submitting NPI information.

All providers are required to report and use NPIs on all claim submissions as of 5/23/08. Failure to do so could interfere with the accurate and timely processing of claim payments.

Mail Handlers will continue to work with providers to obtain and update NPI information going forward. Please submit your NPI information to NOASGROUPODATES@CVTY.COM, if you have not already done so.
